

### Careers Programme Enquiry Strand 2024/2025

To increase the possibility and probability of paid employment, supported internship and apprenticeship

The enquiry strand careers provision delivers practical, hands-on learning that informs and develops the students understanding of the world of work and enhances potential for independent living as a young adult. The curriculum provides increased access to careers, work based learning and functional daily life skills.

Skills learnt are applied in real life environments the students will have the opportunity to think more independently about which opportunities for education and employment beyond Brookfields would best suit their needs.
