Specialist SEN School

Brookfields School Premises Management Policy

Date	Description
6 July 2022	Approved by the Full Governing Board

Review schedule	Annually
Next review	July 2023
Policy holder	Patrick Mitchell

Brookfields School equalities statement

All pupils at the school are offered a broad, balanced, stimulating and relevant curriculum regardless of their background, culture or ability. Each pupil is valued for who they are and what they bring to the school. We appreciate and celebrate the richness of diversity within the school community as well as the wider community.

Through the work we do across the school on developing Values, we actively promote the importance of tolerance, co-operation, courage, determination, friendship and respect. Through this approach, pupils develop independence, confidence and integrity which prepares them for their future lives.

1. Aims

Our school aims to ensure that it:

- › Manages its buildings and equipment in an efficient, legally compliant way
- › Inspects and tests buildings and equipment regularly, taking into account statutory requirements and best practice recommendations
- › Promotes the safety and wellbeing of our staff, pupils, parents and visitors through effective maintenance of buildings and equipment in accordance with the [Health and Safety at Work etc. Act 1974](#)
- › Complies with the requirements of the [School Premises \(England\) Regulations 2012](#)
- › Complies with the requirements of the [statutory framework for the EYFS](#)

2. Guidance

This document is based on the Department for Education's guidance on [good estate management for schools](#).

3. Roles and responsibilities

Please note:

For maintained schools, both local authorities (LAs) and schools have responsibilities for the repair and maintenance of premises.

The Governing Board, Headteacher, School Business Manager and Site Controller will ensure this premises management policy is properly implemented, and that tests and inspections are carried out in accordance with this policy.

The Headteacher, School Business Manager and the Site Controller are responsible for ensuring relevant risk assessments are conducted and for reporting to the governing board, as required.

The Site Controller is responsible for:

- Inspecting and maintaining the school premises
- Conducting repairs and maintenance
- Being the first point of contact for any issues with the premises
- Conducting and keeping a record of risk assessments and incident logs related to the school premises
- Liaising with the Headteacher and School Business Manager about what actions need to be taken to keep the school premises safe

This list is not intended to be exhaustive.

4. Inspection and testing

We maintain accurate records and details of all statutory tests which are undertaken at our premises. This includes relevant paperwork and certificates.

All requirements and recommendations highlighted in inspection reports and certificates are reviewed and acted on as necessary.

As part of the records of completed works, we include the dates when the works were undertaken and the details of the individual or company who completed them, along with their qualifications/certifications and/or experience.

The table below sets out the issues we inspect, the inspection frequency, and the person responsible for checking each issue and, where appropriate, engaging a suitably qualified person to carry out inspection, testing or maintenance. It covers statutory checks as well as recommended good practice checks from relevant guidance. It is based on the [checks and testing sections of the DfE estates guidance](#).

ISSUE TO INSPECT	FREQUENCY	PERSON RESPONSIBLE
Portable appliance testing (PAT)	Variable, according to risk and how the equipment is constructed. Regular visual inspections where PAT is not required. We will refer to HSE guidance on maintaining portable electric equipment for suggested intervals and types of testing/inspection.	Site Controller
Fixed electrical installation tests (including lightning conductors)	Variable, according to the number and severity of faults found at last inspection. Inspection and testing always carried out by a competent person.	Site Controller / Premises Officer
Emergency lighting	Monthly flash test. 6-monthly condition test (including 3-hour battery test) by a competent person.	Site Controller

ISSUE TO INSPECT	FREQUENCY	PERSON RESPONSIBLE
Lifts	At least every 6 months for passenger lifts and lift accessories, every 12 months for other lifts (e.g. goods lifts) – always by a competent person.	Site Controller / Premises Officer
Gas appliances and fittings	Routinely, in accordance with manufacturer recommendations (or other professional advice if unavailable). Annual safety checks (in line with good practice / required if the premises are used for residential accommodation). All work carried out by a Gas Safe Registered engineer.	Site Controller / Premises Officer
Air conditioning systems	Inspections by an energy assessor at regular intervals (not exceeding 5 years). Annual certificated inspection to ensure no refrigerant leakage. Bi-annual checks and an annual maintenance schedule (in line with good practice).	Site Controller / Premises Officer
Pressure systems	No fixed maintenance requirement (our programme takes account of the list on page 44 of the HSE's Safety of Pressure Systems guidance , and an examination of the system is carried out by a competent person by the date set at the previous examination – see pages 35 to 37 of the HSE guidance).	Site Controller / Premises Officer
Legionella checks on all water systems	Risk assessment of each site carried out and reviewed regularly by a competent person. The frequency of monitoring checks varies for evaporative cooling systems, hot and cold water systems and other risk systems – specific details can be found in guidance for each type from the HSE .	Site Controller / Premises Officer

ISSUE TO INSPECT	FREQUENCY	PERSON RESPONSIBLE
Asbestos	<p>Regular inspections as part of the asbestos register and management plan.</p> <p>Reviews of the asbestos register annually.</p> <p>Refurbishment and demolition surveys before any refurbishment or demolition work.</p>	Site Controller / Premises Officer
Equipment used for working at height	<p>Inspected before use, and at suitable intervals appropriate to the environment it's used in and how it's used.</p> <p>In addition, inspections after anything that may affect the safety or stability of equipment, e.g. adverse weather or accidental damage.</p>	Site Controller
Fire detection and alarm systems	<p>Weekly alarm tests, with a different call point tested each week where applicable.</p> <p>Quarterly and annual inspections and tests by a competent person.</p> <p>Annual fire risk assessment by a competent person also includes the maintenance of fire detection and alarm systems.</p>	Site Controller / Premises Officer
Fire doors	Regular checks by a competent person.	Site Controller / Premises Officer
Firefighting equipment	<p>Most equipment – extinguishers, fire blankets, hose reels, fixed systems (such as sprinkler systems) and fire service facilities (such as dry risers and access for emergency vehicles) – inspected annually (by a competent person where required) unless manufacturers' guidelines suggest differently.</p>	Site Controller / Premises Officer
Extraction systems	<p>Regular removal and cleaning of grease filters and cleaning of ductwork for kitchen extraction systems.</p> <p>Local exhaust ventilation systems (such as those for working with hazardous substances) examined and tested at least every 14 months by a competent person.</p> <p>More routine checks also set out in system logbooks.</p>	Site Controller / Premises Officer

ISSUE TO INSPECT	FREQUENCY	PERSON RESPONSIBLE
Chemical storage	Inventories are kept up-to-date. Risk assessments for the Control of Substances Hazardous to Health (COSHH) are reviewed on a regular basis, plus whenever it's considered that the original assessment may no longer be valid, or where the circumstances of the work change significantly and may affect employees' exposure to a hazardous substance (in line with HSE guidance on COSHH assessment).	Site Controller
Hydrotherapy pools and swimming pools	In addition to inclusion as part of the legionella checks, we follow the operation and maintenance guidance on pages 32 to 43 of the HSE's guide for spa-pool systems . Swimming pools are subject to risk assessments and included in legionella checks and COSHH assessments.	Site Controller / Premises Officer
Playground and gymnasium equipment	Regular inspections – at least annually, and more regularly where any equipment is used more frequently than normal (e.g. where community use increases how often equipment is used). Outdoor fixed play equipment – periodic and annual inspections by a competent person.	Site Controller / Premises Officer
Tree safety	As part of risk assessment responsibilities, periodic visual checks for stability are carried out, with more detailed assessments if suspected structural faults or other risks are found.	Site Controller / Premises Officer

5. Risk assessments and other checks

In addition to the risk assessments we are required to have in place (please refer to our health and safety policy for more information*), we ensure we have risk assessments in place, regularly updated, to cover:

- › Car parking and vehicle/pedestrian segregation
- › Traffic management
- › Shared premises
- › Lettings

We also make sure further checks are made to confirm the following:

- › Correct and up-to-date information is displayed in all notices

- Compliance with the Construction (Design and Management) Regulations 2015 during construction projects
- Contractors have the necessary qualifications to carry out the specified work
- Compliance with the Equality Act 2010 when making changes or alterations to a building or the external environment

6. Monitoring arrangements

The application of this policy is monitored by the Site Controller, Premises Officer, Business Manager and Headteacher through, among other things, visual checks of the school site and equipment, and checks of risk assessments.

Copies of risk assessments and paperwork relating to any checks are kept on the school shared drive.

This policy will be reviewed by the School Business Manager every 3 Years. At every review, the policy will be shared with and approved by the Governing Board and the Headteacher.
